

Communicating

Express and interpret information and ideas.

Working on Teams

Learn and contribute productively as individuals and members of groups.

Self-Direction

Use reflective practices to develop learning goals; plan a process to reach and evaluate outcomes.

Solving Problems

Recognize and investigate problems; formulate and propose solutions by reason and support.

Using Technology

Use appropriate instruments, electronic equipment, computers and networks to access information, process ideas and communicate results.

Making Connections

Recognize and apply connections of important information and ideas within and among learning areas.
