

Rockland School Arrival and Dismissal Plan- 2013/2014

Arrival and Dismissal Procedure: When entering the parking lot parents will proceed through the pick-up/drop-off single lane. School personnel will assist drivers and children to ensure the safety of everyone at the curb. In addition there will be a "Right Turn Only" when exiting the parking lot. This will ensure that traffic flows smoothly and will maximize the safety of students being dropped off curbside. This policy is in effect for both morning and afternoon pick-up/drop-off times.

Children should be picked-up/dropped-off in the "Drop Off Zone" only. This area can be identified by the orange cones on the sidewalk. Please pull as far up in the "Drop Off Zone" as possible before letting your child enter/exit your vehicle curbside for maximum student safety. As mentioned, after pick-up/drop-off you then may turn right only out of the lot.

Alternately, you may locate street parking if you wish to drop-off/pick-up and walk your child to or from the school/playground area.
