

# Animal Education & Rescue

NON-PROFIT HUMANE SOCIETY

Animal Education and Rescue Youth Program

Ages 8-12

## Day At the Vet

### MISSION

Give youth hands-on experience with animals through educational programs and hands on volunteer experiences.

Join us for this very special event at Townline Animal Hospital in Vernon Hills.

Kids ages 8-12 are invited to learn hands on everything that happens on a daily basis at an animal hospital. Dr. Singh, will take the kids through a wellness exam of a dog. The kids will get to see surgery equipment, medical equipment, x rays and icky things in jars. They'll learn about animal behavior at the vet and hear interesting stories that happen for animals while at the vet.

**Registration for Day at the Vet is required** in advance as space is limited. Cost is \$10/child (fee is waived if child has already enrolled in the Youth Program)

Sunday, February 3, 2019

3:00PM to 5:00PM
