

## Looking to Improve Your Game This Summer?

2019 Summer Camp Registration is Now Open for boys and girls age 4 through HS

Daily and Weekly Options Available June through August

### **CAMP DESCRIPTIONS:**

**Shooting & Ball Handling:** This program concentrates on the breakdown of the shooting technique. Coach Dennis Kessel's shooting philosophy has proven highly successful in analyzing and improving a player's shooting ability. Our coaches do not only do drills; they also break down and reinforce the proper techniques for shooting accuracy. You will also learn the proper jump shot and how to beat your man off the dribble.

**Team Play Offensive Skills:** These sessions allow players to perform at a more competitive level. Players will be drilled in one-on-one, two-on-two and four-on four situations. Players will learn how to use shot fakes, dribble moves and moving without the ball. These sessions are highly recommended for players who have already completed the shooting and ball handling sessions.
