

FAR NORTH SUBURBS GIFTED PARENTS' SUPPER

If you are parenting a gifted child, or suspect you might be parenting a gifted child, please meet us for dinner and conversation with other parents of gifted children from our local area. We can share our stories, our questions, and our information to help each other out while having an enjoyable dinner.

We are growing the gifted community in the far north suburbs! Feel free to invite other families you believe would enjoy or benefit from experience with our community.

Please register:
