### Please select which school(s) your children will attend for the 2020-2021 school year:

1,081 responses

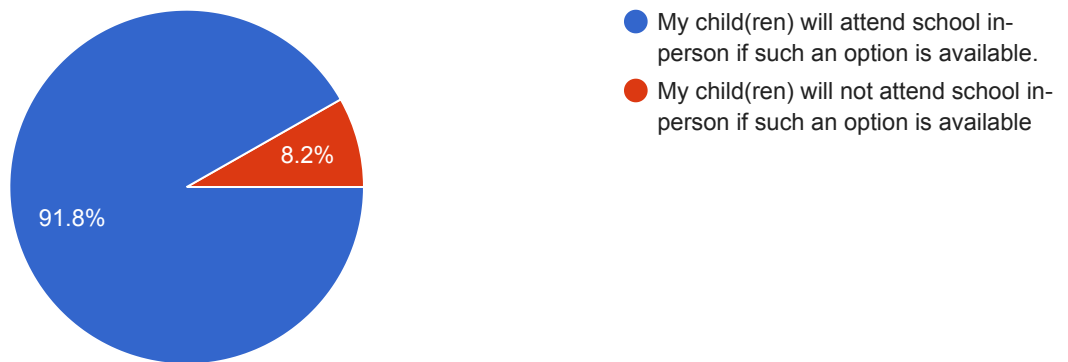

### Please identify the grade(s) your child(ren) is/are entering this fall

1,081 responses

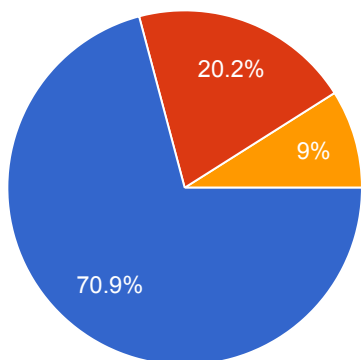

### Please indicate the answer that most accurately reflects your CURRENT thinking about fall learning

1,081 responses

D70 is exploring a variety of options for the fall including: normal school opening with adaptations; a hybrid model where there will be in-person and remote instruction; and an enhanced remote learning option. Based on your current thinking, select which option is most preferable for your child(ren) and family

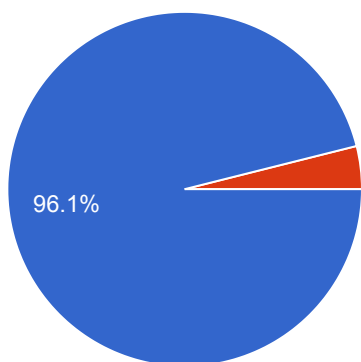

1,081 responses

- Normal school opening with adaptations (face coverings, social distancing where possible, increased cleaning/disinfecting, etc.) is my preference at this time.)
- A hybrid model that includes a combination of in-person and remote instruction (1/2 day in-person and 1/2 day remote instruction, alternating day...)
- Enhanced remote learning is my preference at this time.

Based on ISBE's guidance, face coverings (masks) must be worn at all times in schools by students and staff. The exception is when a student or staff member has a documented medical need that would demonstrate that wearing a face covering would be medically counter indicated. This is not a local decision. D70 is planning on providing cloth face coverings for students in addition to what their parents will provide. Disposable face coverings will also be available.

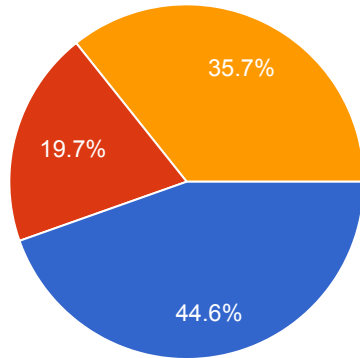

1,072 responses

- My child(ren) will be able to wear a face covering/mask to meet this ISBE and IDPH requirement for in-person learning.
- My child(ren) may or will not be able to wear a face covering/mask for in-person learning based on a medical or other reason that will require a note from a physician for documentation purposes..

Restore Illinois and ISBE guidance for the 2020-21 school year allows for up to fifty (50) individuals to be on a bus in Phase 4. Based on your current thinking, in the likely event that there are 50 persons on a bus (including the driver) in the fall, will you have your child(ren) ride the bus?

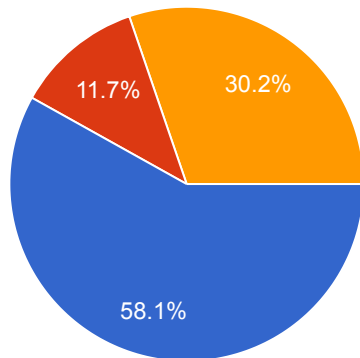

1,081 responses

- Yes, I will have my child(ren) ride the bus to and from school.
- No, I will not have my child(ren) ride the bus to and from school.
- Not applicable. My child(ren) do not ride the bus to and from school.

Please indicate your ability/willingness to provide transportation for your child(ren) should busing capacity be an issue with reopening school.

1,081 responses

- We are able/willing to transport our child(ren) to and from school each day.
- We are NOT able/willing to transport our child(ren) to and from school each day.
- Not applicable. My child(ren) do not ride the bus to and from school.

### What are your childcare needs for the fall for any option other than a normal opening of school
