August 2019

Dear Potential Business Partner,

Partners for Excellence in Education is a team of professionals made up of local business owners, vendors and affiliates who offer their support to our schools as we seek continued educational success. The partners have worked with Libertyville School District 70 for two decades to create special learning opportunities for the students attending Adler Park, Butterfield, Copeland Manor and Rockland elementary schools, as well as Highland Middle School. Through the gift of financial support, time and volunteerism the members of Partners for Excellence have succeeded in providing a host of learning opportunities for thousands of children.

Since 1994 we have raised over \$100,000 that has been utilized to expand educational opportunities in the classrooms of our schools. The cornerstone of our partnership has been a Mini-Grant Program encouraging teaching staff to propose creative and innovative classroom projects with funding support stemming from Partners for Excellence in Education. Annually, a dedicated group of Partners meet to review and award over \$5000 to selected grant recipients.

We have also hosted members of the business community in our schools, published membership on our District 70 website, and highlighted Partners in an edition of the District 70 Views newsletter mailed to all Libertyville residents and businesses.

We would like to take this opportunity to invite and encourage you to join this exceptional organization. It is with great hope that you will find your participation not only beneficial to the children of Libertyville but that this relationship will be positive to you both personally and professionally as well.

We look forward to your future participation.

Sincerely,

Matt Barbini
Superintendent

Tom Vickers
Board of Education
