

Safe Internet Searching for Kids

Questions often arise from parents about safe search engines for children. Remember that there is no substitute for parental supervision when it comes to online searching or activity. Listed below are a few sites to get you started but you will find a plethora of additional information if you search for "internet safety for kids" and/or "safe search engines"

Here are a few sites to explore as a starting point:

Ask Kids <http://www.askkids.com/>
Ask a question in plain English

Cyber Sleuth Kids <http://cybersleuth-kids.com/>
Internet Search Guide for K-12 students

Kids Click <http://www.kidsclick.org/>
Web search tool designed for kids by librarians

Safe-Search-Engine <http://safe-search-engine.com/>
This website has a search engine which filters out the vast majority of adult/offensive/unwanted content. You set it as your homepage to ensure that unwanted results do not pop up.

Safe Search Kids <http://www.safesearchkids.com/>
Powered by Google - The safe browsing feature allows your kids to safely surf the web with a much lower risk of accidentally seeing illicit material.

You Tube:

Questions often come up about how to ensure safe searching on YouTube. Here is some information about how to implement Parental Controls for safer YouTube searching.
