

PARENTS~RELATIVES~FRIENDS~BUSINESS PARTNERS SHARE YOUR CAREER WITH ROCKLAND STUDENTS

In order to expose Rockland students to career opportunities and to prepare them to be 21st Century Learners, Rockland's 17th Career Day is now being planned! Career Day 2019 will take place on January 25th during our regular day of school. The entire student body will be involved in Career Day presentations and activities all morning long. The morning will include five sessions lasting ½ hour each. Grades 1-5 will be traveling from classroom to classroom. The Kindergarten classes will have four special presentations.

Presentation Ideas:

During the half-hour presentation we suggest the following to be shared:

- ☺ Name of Career
- ☺ Skills needed to perform the job: Math Science Language Social
- ☺ Form of education (vocational school, college-degree necessary, education beyond a college degree, etc.)
- ☺ What a typical day is like
- ☺ A short "hands-on" activity for the students *if possible*
- ☺ Related books or reading (You can bring a bibliography or actual career books on an elementary level that students might want to read to learn more about the career. If this is not available, let us know on the form below, we will attempt to provide this.)

We are asking parents, business partners, and community members to volunteer to participate.

Please return this portion to the Rockland School office (160 W. Rockland Road, Libertyville, IL 60048) for Mrs. List by October 20, 2018 or email Mrs. List at: dlist@d70schools.org
