## NOTE FROM HEALTH SERVICE

**The following are the immunization requirements for the State of Illinois:**

**POLIO** - Four (4) doses of either IPV or OPV, with intervals of no less than four (4) weeks apart, and the last dose having been received on/after the fourth (4<sup>th</sup>) birthday.

**DTP/DtaP/Td** - Four (4) or more doses, with the last dose administered on/after the fourth (4<sup>th</sup>) birthday, at intervals of no less than four (4) weeks apart, last dose at least six (6) months since previous dose. For children entering school other than Pre-Kindergarten, Kindergarten, and First (1<sup>st</sup>) grade, three (3) doses of DTP/DtaP/Td, with the last dose administered on/after the fourth (4<sup>th</sup>) birthday, at intervals of no less than four (4) weeks apart, last dose at least six (6) months since previous dose.

**Tdap** - One (1) dose for all students entering sixth grade or one (1) dose for all students entering seventh or eighth grades who have not already had one (1) dose.

**Meningococcal (MCV4)** – One (1) dose upon entering sixth grade.

**MMR** - Two (2) doses, first (1<sup>st</sup>) administered on/after the first (1<sup>st</sup>) birthday, second (2<sup>nd</sup>) dose no less than four (4) weeks after first (1<sup>st</sup>) dose.

**HEPATITIS B** - For students entering 6<sup>th</sup> grade: Three (3) doses, interval of at least four (4) weeks between first (1<sup>st</sup>) and second (2<sup>nd</sup>) dose (**28 days**), interval between the second and third shot (**56 days**), first (1<sup>st</sup>) and third (3<sup>rd</sup>) dose must be at least four (4) months (112 days).

**VARICELLA** - Two (2) doses (Chickenpox) Entering Kindergarten: administered on/after the first (1<sup>st</sup>) birthday.

**The dates of all immunizations must be noted on the  
Certificate of Child Health Examination Form (include month, day and year).**
